

STTTA JUNIOR DEVELOPMENT SCHOLARSHIP SCHEME 2023

STTTA is recognised for its many talented junior players. They include players who do everything they can to improve their standard. They play in rosters, compete in tournaments, attend coaching sessions and train hard. They want to do their best at national level. To do this they need to travel interstate whenever they can to take part in training programs and championships.

This is expensive, so STTTA provides a junior development scholarship scheme, to provide some financial assistance for its cadet members travelling interstate to take part in training or competition. *Please note that STTTA has a separate process, based on roster participation, for subsidising junior players who take part in National Junior Championships*

Eligibility STTTA cadet members (Under 18 on 1 January)

Funding Cadets are eligible for \$200 per trip interstate or overseas for training or competition events. There is a limit of two payments each year per cadet member. i.e. two trips

Please note that the scheme has an annual cap of \$2,000.

Applications An application form should be submitted before the event if possible. Application forms are available on the STTTA web site, www.sttta.org.au or from the Secretary, secretary@sttta.org.au. Applications will be assessed within two weeks of receipt where possible.

Payments will be made to the parent/guardian after the event has been held or attended. The STTTA Committee may ask for evidence of attendance.

The STTTA Committee reserves the right to qualify the eligibility criteria.
