

STTTA JUNIOR DEVELOPMENT SCHOLARSHIP SCHEME

STTTA is recognised for its many talented junior players. They include players who do everything they can to improve their standard. They play in rosters, compete in tournaments, attend coaching sessions and train hard. They want to do their best at national level. To do this they need to travel interstate when they can to take part in training programs and championships.

However, this is expensive. STTTA provides a junior development scholarship scheme, to provide some financial assistance for its juniors travelling interstate to take part in training or competition. *Please note that STTTA has a separate process, based on roster participation, for subsidising players who take part in National Championships (National Junior, Youth or Seniors).*

Eligibility	STTTA junior and cadet members (Under 18 on 1 January)
Funding	Juniors are eligible for \$100 for attendance at interstate or overseas training programs or competitions. There is a limit of two payments each year per player. Please note that the scheme has an annual cap of \$2,000.
Applications	An application form should be submitted <u>before</u> the event if possible. Application forms are available on the STTTA web site, www.sttta.org.au or from the Secretary, secretary@sttta.org.au. Applications will be assessed within two weeks of receipt where possible. Payments will be made to the parent/guardian after the event has been held or attended. The STTTA Committee may ask for evidence of attendance.

The STTTA Committee reserves the right to qualify the eligibility criteria.
