- Recreational Member* social player of any age (no roster or championships - except STTTA Closed)

*Recreational members normally require a practice pass (see below). Full membership is compulsory for all roster and championship players (other than STTTA Closed). Membership fees are for the membership year and are not charged pro-rata. All categories include insurance. Membership is required for anyone who has played on three occasions in any capacity. Anyone joining for the sole purpose of entering a championship must pay the full member fee. Guest players who are financial members of an ITTF affiliated association (including insurance), must complete an application form and provide proof of registration. Membership cards are issued to all members.

Practice Passes

Standard practice passes no longer include membership. Recreational members normally buy a practice pass. Practice passes may be used at any time the stadium is not reserved for club activities. Players receiving private coaching must hold a practice pass, as must the coach. Guest players from other clubs may apply for a practice pass.

Discount Passes are for roster players who play in at least one complete roster or fill in at least 10 times as a reserve during the year (since they contribute financially through their roster fees). Family Passes are for up to two adult members and allow the holders to bring other close family members for casual practice. The holder of the Family Pass must be an adult. An adult must supervise children. Your player card will indicate whether you have a practice pass. A condition is that each time you practise, you must sign in at the KSC front desk and record your name and pass number in the register. Members (and guest players) without a practice pass must pay a \$5 practice fee per session.

Conditions
