## Privacy, Social Media and Photographs

Your personal details are entered on the STTTA database, securely stored and only used for official purposes relating to club activities. Name, date of birth, address and telephone number may be provided to Table Tennis Tasmania and Table Tennis Australia (TTA) under the rules of affiliation. Roster lists are on public display on the notice board in the table tennis stadium and show your name and phone number. Emergency contact and health details are securely stored and are only accessible by STTTA officials or Kingborough Sports Centre (KSC) staff in case of emergency. STTTA has a website and Facebook page, used for providing information and current news and for promotional purposes. Your name and photograph may be used if you have given permission on the front of this form. If you have any concerns about a photo or item we have published, please advise us.

## Membership

Full membership is compulsory for all roster and championship players. Recreational members play socially and normally purchase a standard practice pass. Membership fees are annual - they cover your state/national levy. Membership is required for anyone who has played on three occasions in any capacity. Anyone joining for the sole purpose of entering a championship must pay the full member fee. Guest players who are financial members of an ITTF affiliated association (including insurance), must complete this application form and provide proof of registration if requested. Membership cards are issued and all categories include insurance.

## Practice Passes

A practice pass entitles members to play any time the stadium is not reserved for club activities. Members without a practice pass pay a \$5 fee per session. Only members and guest players over 18 can purchase a pass. 'Guest player' means a registered member of another club. Cadet members do not require a pass. Others under 18 need to be covered by a family practice pass. Charges are shown in the table below and all passes expire on the last day of February. Players over 18 receiving private coaching must hold a practice pass, as must the coach.

Discount Passes are for roster players who play in at least one complete roster or fill in at least 10 times as a reserve during the year (as they contribute financially through their roster fees). Family Passes are for up to two adult members and allow the holders to bring children for casual practice. Parents of Schools Program participants are eligible for a discount family pass. The holder of a family pass must be an adult member. An adult must supervise children. Each time you practise, you must record your name, arrival time and pass number in the register.
